

# Asas ds Socorro

*Wings of Mercy*

January 2008

*Our mission staff ended the year 2007 with a formal pot luck dinner thanking God for His goodness and blessings throughout the year and celebrating the life we have in Christ. There were 45 of us in all, and it was awesome to give Glory to God in the Highest (the theme this year) just like the angles for God's priceless gift of eternal life in Jesus.*

*The end of this year was packed full of blessing and victories in our family. The kids finished another school year and although it was extremely tough, they all worked hard and did an excellent job. Julie went home with a friend for Christmas, and Joshua stayed on campus and worked throughout the holidays. It is hard to believe Joshua will be 22 on January 10<sup>th</sup>. If you would like to wish him a happy birthday, you can send your greetings to: Joshua Kannenberg, P. O. Box 264, Point Lookout, MO 65726-0264 or e-mail him at [joshua.k@hotmail.com](mailto:joshua.k@hotmail.com).*

*We praise God for the victories and accomplishments in Jessica's life this year. She has been studying music and classical piano for the past three years and is one of the top three of sixty students. She played three pieces in her recital just recently including "A Mighty Fortress is Our God." Hymns are among her favorites. Jessica graduated from high school in December and is looking forward to the possibility of studying at College of the Ozarks along with Joshua and Julie. All the required documents for admissions have been turned in. Please pray that God would continue to show her what He wants for her future! She is looking into the possibility of nursing and music, but has a variety of interests and abilities.*

*Joshua and Julie continue to work for the school which helps pay tuition and work as many hours as they can off campus to cover personal necessities and put some aside for the following school year. When we go on furlough, they plan to spend six weeks with us visiting family, friends and churches and just being a family. To reduce school costs, they will be looking for an apartment at the end of the year and moving off campus and will need to set aside funds for room and board for the following year. We are helping as we can with car expenses and in other areas. Jessica has to live on campus the first year, and we will need to come up with funds to pay her room and board for half the year since she will be traveling with us too. God is so good, and we know he will help us work it all out.*

*The end of the year is now behind us all and with it come lessons learned, dreams fulfilled, goals achieved and scores of memories (many wonderful, some painful and sad) stored away. Through it all, God is there loving us, blessing us, never changing, helping us to grow and mature through victories and struggles. Our God is an awesome God!*

*The New Year is here, new beginnings, new plans and schedules, full of opportunities. The unknown is ahead of us--waiting to challenge us, make us stronger, wiser, humbler.*

*Since some of our staff is now on furlough and traveling, Wilson begins the New Year with a few added responsibilities. He is the chief pilot and only pilot for a couple of months once again, the administrator of the Manaus flight program and is still Operations Manager for our other flight bases. Rainy season is in full swing and we ask for your special prayers for flight safety. We can have some pretty incredible storms and rains come down hard on almost a daily basis. Thank you so much for all your prayers and support for our family and the on going ministries here!*

*God's richest blessing for your and your family in 2008!*

*The Kannenbergs, Wilson, Lori, Joshua, Julie and Jessica*
