

Asas de Socorro

Wings of Help Ministries - Amazon, Brazil

Greetings from Brazil!

In our family January is always a month of celebrations. Joshua turned 25 the 10th and on January 20th we celebrated the Diamond Wedding Anniversary of Wilson's parents. What a time of praise and rejoicing as Mom and Dad Kannenberg celebrated 60 years of love, union, family and most of all God, the center of their lives and family. Congratulations Udo and lolanda! What a blessing to gather together with their brothers and sisters, kids and grandkids who are now all grown up and starting families of their own. The 21st Wilson and I commemorated our 27th anniversary.

At the end of January, we went on a short trip to the interior of the Amazon with Dennis Sohn, the Director of Operation Amazon, and three team members from the USA to deliver water filters to river villages and evangelize. We have been partnering with this mission for several years. Right after this trip, the barge that was built by OA was inaugurated! This tool will be used to deliver water filters and church construction materials in the near future after the proper documentation is finished. How awesome it is to know that after so many complications and delays this barge is finally ready to be used for God's glory. God's timing is always perfect.

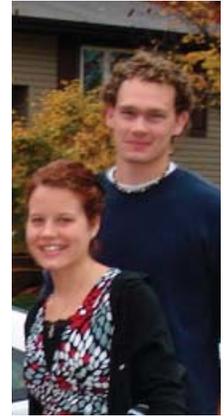

On the following page is a link to a video of a clinic trip to Pará, the first in that area of Brazil. On this trip along with dental and medical consultations the team made dentures to give smiles to those with no teeth! They had a wonderful time with the children's ministries and evangelization in the village. This is the same kind of work we do from the Manaus base as well and we are so glad to be part of the team along with all of you. Isn't it awesome to know we are ALL part of God's team?! We are working towards the same goals and serving a living God who is Savior and Lord over all.

The "kids" are studying much and working hard. They all had a much needed rest and time away from school and work over the holidays. Joshua and Leighann continue working at the Hilton hotel and Julie and Jessica are back at their studies in Nursing. Julie will graduate May 14th followed by her and Brandon's wedding May 21 st so she is also very busy working on wedding details. Jessica's dating relationship with a young man named Ben who also studies at College of the Ozarks is now "facebook official". He is an MK (missionary "kid") from the Philipines. His parents serve with New Tribes mission.

Thank you so much for going with us to the ends of the earth through your prayers and support. It was great to hear from so many of you over the holidays and see how God is blessing you and working in your lives. Thank you for not only remembering Wilson and I and serving together with us but for also remembering our kids and upholding them in love and prayer!

We have heard about all the snow, cold and upcoming storms! God is ever present in the midst of it all. May He keep you warm and close to His heart!

*Love in Christ,
Lori and Wilson*
